### **Registrar of Voters Identifies Error in Impartial Analysis of Measure Y within County Voter Information Guide**

EL CENTRO, CA -- Today, the Imperial County Registrar of Voters (ROV) identified an error in the Voter Guide for voters within the El Centro Elementary School District jurisdiction.

Within the guide, the impartial analysis listed for Measure Y incorrectly states, "The District's estimates that the total amount repayable during the life of the bond, including principal and interest, will be approximately **\$771,049,638.**"

The correct and accurate statement should read, "The District estimates that the total amount repayable during the life of the bond, including principal and interest, will be approximately **\$71,049,638.**"

This corrected analysis can be found [www.ImperialCounty.org](http://www.ImperialCounty.org).

The Registrar of Voters sincerely apologizes for the error and any confusion this may have caused voters.
