Imperial County June 7 Primary Election Update

EL CENTRO, Thursday, June 23, 2022 - Today the Imperial County Registrar of Voters (ROV) issued an "Unofficial Elections Results" update of votes cast in the June 7 Primary Election. This update includes polling site, vote-by-mail (VBM), and provisional ballots. Although this update includes nearly all ballots received, this will not be the final tally of all ballots. As mandated by the State of California, the ROV has until July 7, 2022 to certify the election. The update can be found at the ROV website at <https://elections.imperialcounty.org/regvoters/ElectionResults/Results06072022/ResultsReports.pdf>.

The ROV expects to certify the election early next week.

As previously stated, an extraordinary amount of VBM and provisional ballots were cast on Election Day, prolonging the process in verifying and tallying ballots submitted throughout the County.

The Registrar's staff will work diligently to complete the final processing of ballots and update the public of results in a timely manner. The Registrar's office wishes to thank the public for their patience as staff and poll workers continue to work hard to ensure a safe, secure, and accurate election.
