Imperial County June 7 Primary Election Update

The Imperial County Registrar of Voters has issued an “Unofficial Election Results” update on the Registrar’s website at www.Elections.ImperialCounty.org for the June 7 Primary Election. The unofficial update will include polling site ballots and vote-by-mail (VBM) ballots received or post-marked on or before Election Day. This will not be a final tally of all ballots. As mandated by the State of California, the Registrar of Voters has until July 7, 2022 to certify the election.

As previously stated, an extraordinary amount of VBM and provisional ballots were cast on Election Day prolonging the process in verifying and tallying ballots submitted throughout the County.

“We understand this process may be taking longer than some may hope and empathize with those wanting to receive final results as soon as possible, which is why we have brought on additional personnel to ensure a secure and efficient election process,” stated ROV Linsey Dale. “Once again, our priority is ensuring our election process is safe, secure, and transparent. Despite the unexpected obstacles, our dedicated staff continues to work around the clock to verify and process ballots correctly and efficiently.”

The Registrar’s staff will work diligently to complete the processing of ballots and update the public of results in a timely manner. The Registrar’s office wishes to thank the public for their patience as staff and poll workers continue to process ballots.

For further information, visit the Registrar of Voters’ website at www.Elections.ImperialCounty.org.
